

Vitamin & Mineral

VitaMineral

VitaMineral contains ingredients to replenish lost nutrition during manufacturing process. Furthermore, it adds new elements which latest researches highly recommended such as Stay C and immunostimulants of beta-1, 3/1, 6-glucans. It's a product of overall effects in improving feed conversion, meat growth rate and fortifying animal's immune system. Tackle-free design can help users save time and cost. This product is your best option for nutrition supplement.

Ingredients:

Comprehensive Vitamins
Organic Minerals
Binders and Excipient

Increase Feed Efficiency

Improve Disease and Stress Resistance

Better Appetite, Better Growth Rate

Enhance Vitality and Appearance for Better Quality

Compositions:

<i>Vitamin A 50,000 IU</i>	<i>Inositol 1 g</i>
<i>Vitamin D3 10,000 IU</i>	<i>Vitamin C (stable) 0.4 g</i>
<i>Vitamin B1 0.1 g</i>	<i>Phosphorus 0.28 g</i>
<i>Vitamin B2 0.2 g</i>	<i>Potassium 5.6 g</i>
<i>Vitamin B6 0.2 g</i>	<i>Calcium 5.6 g</i>
<i>Vitamin B12 0.00025 g</i>	<i>Magnesium 1.82 g</i>
<i>Vitamin E 0.6 g</i>	<i>Sodium 8.4 g</i>
<i>Vitamin K3 0.05g</i>	<i>Iodin 196 ppm</i>
<i>Niacin 0.65 g</i>	<i>Copper 1.4 ppm</i>
<i>Pan Acid 0.3 g</i>	<i>Iron 332 ppm</i>
<i>Biotin 0.005 g</i>	<i>Manganese 3.5 ppm</i>
<i>Folic Acid 0.04 g</i>	<i>Zinc 33.6 ppm</i>

Dosage and Application:

15-20 g / 10 kg of Feed.

Add and mix evenly with water (ratio 1:25) before use to build a condensed liquid form that can be easily applied in the top-dressing to shrimp pellet feed.

Storage:

To be kept in sealed container. Store in dry and cool place. Avoid direct sunlight and high humidity.
